*My boat is drifting on the quiet waters  
While clouds float overhead at tranquil pace  
Across the infinite summer heavens,  
Across the blue sky's dappled face.  
As I look down, it seems the clouds  
Are in the water, floating by,  
And hypnotized, I have the quaint illusion  
That I am drifting on the summer sky.

To the Class of 1974:

Congratulations to each of you upon your successful completion of the first significant and well recognized phase of modern life. Your passage from childhood to adulthood is rightfully signified by High School Graduation ceremonies and recognition. You have learned, achieved, and experienced much both in and out of the schools these past 17 or 18 years. Now you will experience the exhilaration of adult freedom in our land of great promise.

Your responsible class attitude and actions have set you apart as a class with considerable restraint and maturity. Such qualities are greatly needed in society if promise is to be translated effectively and regularly into practice. You have the time and energy to strive for quality life-style and humanistic improvements badly needed in our world. I pray your attitude and beliefs are sincere and powerful enough for a lifetime of such persistent living and being.

I have enjoyed your class. My very best wishes go to each of you during the next 60 or more years to achieve and experience all that you can imagine — and more!

Sincerely,

*Bruce C. Pulsifer*

To the Class of 1974:

To a very fine class with good school spirit and excellent cooperation, I extend my best wishes for your future happiness and success. I have enjoyed working with many of you and shall remember this class fondly.

And let your best be for your friend, if he must know the ebb of your tide, let him know its flood also. For what is your friend that you should seek him with hours to kill? See him always with hours to live. For it is his to fill your need, but not your emptiness. And in the sweetness of friendship let there be laughter, and sharing of pleasures. For in the dew of little things the heart finds its morning and is refreshed.

A stone lies in a river, a piece of wood is  
jammed against it, dead leaves, drifting logs  
and branches caked with mud collect  
around, weeds settle and soon birds have  
made a nest and are feeding their young  
among the blossoming water plants. Then  
the river rises and the earth is washed away.  
The birds migrate, the flowers wither, no  
trace is left of the floating island but a stone  
submerged by the water,—such is our per-  
sonality.

"The Locusts Have No Kings"

For there is one belief, one faith, that is man's glory, his triumph, his immortality—and that is his belief in life. Man loves life, hates death, and because of this he is great, he is glorious, he is beautiful, and his beauty is everlasting. He lives in fear, in toil, in agony, and in unending tumult, but if the blood foamed bubbling from his wounded lungs at every breath he drew, he would still love life more dearly than an end of breathing. Dying, his eyes burn beautifully, and the old hunger shines more fiercely in them—he has endured all the hard and purposeless suffering, and still he wants to live. . . . Thus it is impossible to scorn this creature.

"It was just after the sunrise and down by the sea. Down on the sand flats where nothing will grow, came drumming and footsteps like out of a dream where the golden green waters came in. Just nine lucky soldiers had come through the night. Half of them wounded and barely alive. Just nine out of twenty were headed for home with eleven sad stories to tell. I remember quite clearly when I got out of bed, I said, oh, good morning, what a beautiful day!"

"The best remedy for those who are afraid, lonely, or unhappy, is to go outside, somewhere where they can be quite alone with the heavens, nature, and God. Because only then does one feel that all is as it should be and that God wishes to see people happy, amidst the simple beauty of nature. As long as this exists, and it certainly always will, I know that there will always be comfort for every sorrow, whatever the circumstances may be."

## VIVIENNE-A.F.S.

Dear M.H.S.:

My year at M.H.S. is just drawing to a close and I now sit back and recollect some of my experiences. When I arrived everything was so new and strange to me but I anticipated my year with enthusiasm — eager to learn new things and meet new people.

Halloween and Thanksgiving were new to me, both of which were memorable experiences. Having a "White Christmas" was my one great wish which was never granted but I had a cold Christmas all the same, which was so very different from our smouldering hot Christmas in South Africa.

I have had the opportunity of extensive travel, not only with the school but also with my family, and I have learned a great deal about the United States and its people as well as about myself. Above all, I have enjoyed a close and lasting relationship with my family, having made America my second home and having found a second family.

My year has been interesting, eventful and certainly quite an experience and although it "physically" draws to a close I will hold the memories of my year in Medfield with me forever.

Sincerely,  
Vivienne Read

## FOOTBALL

The Warrior football team opened the 1973 season with a tie against Medway. After losing the next three games, the squad captured three of the five remaining contests. The defeat of Taunton, a Division II team, maintained Coach Young's perfect record of wins in non-league competition. The victory versus Bellingham featured a strong defensive performance: Bob Lovelace returned a blocked kick, and John Coyne scored twice, on a punt return and after a pass interception. The season-ending romp over Dover-Sherborn was a most satisfying win, with Captain Bill Tulloch pacing the Warriors to a 28-6 rout of the Raiders. A field goal by Mike Sheridan and a touchdown pass to John Coyne would have assured a Medfield triumph, but quarterback Tulloch added two touchdowns on running plays, and Dan Vollmuth scored on a long gallop. The win gave the Thanksgiving Day trophy to Medfield for the second consecutive year and was enough to redeem the Warrior's 1973 record of 3-5-1.

## FIELD HOCKEY

The girls varsity field hockey team, coached by Mrs. Nancy Kelly, had an exciting season this year with a record of 2-3-4. The offense was led by Laura Monaghan and the defense by Virginia "Arooga" Peebles. The high scorer was Lisa Mastropieri. With their fighting spirit the girls rallied against the fast Ashland team to earn the big win of the season. Early in the first half Kathy Kilcoyne slammed in a quick goal with the winner knocked in by Jodie McCarthy a few minutes later which led the girls to win, upsetting Ashland 2-1.

# BASKETBALL

The Medfield Big Blue, under the direction of Coach George Ruggerio, had an excellent year finishing up with an overall 18-3 record. Their 18-2 regular season record enabled them to finish second in the Tri-Valley League, only one game behind Holliston. Led by Captain Doug Daniels, Medfield had two big victories over arch-rival Dover-Sherborn. The first was a one pt. victory at the buzzer with Junior John Johannesen scoring the winning basket. The second win was at Dover with Medfield closing out its regular season with a 22 pt. victory margin, the largest ever in the series. The highlight of the season came when Medfield, cheered on by the Big Blue Band, the infamous "Pit", and the cheerleaders, defeated Holliston 60-50 to stop Holliston's 16 game winning streak, the Big Blue being the only team to defeat them during the regular season. Averaging 73 pts. a game while limiting their opponents to 48, the Big Blue qualified for the state tournament for the 5th consecutive year, with their trademarks of a hustling full court defense and classic fast break. Playing before the usual packed house, Medfield lost to a very tough Dartmouth team in the state quarterfinals which ended a beautiful year.

Back Row, left to right: Mgr. Mike McDonald, Bob Conlon, Scott Watkins, Paul Reardon, John Johannesen, Jeff Childs, Paul Kelleher, Mark Brayton. Front Row left to right: Coach George Ruggerio, Bill Mahoney, Mark Champagne, Doug Daniels, Bill Tulloch, Dave Woglom, Coach Dave Gibbs. Missing: Dave Mills Mgr.

The Medfield Big Blue Junior Varsity had a tremendous year ending up undefeated, winning 20 games. Their victories, including two overtime wins over Westwood, speak well of the coaching of Dave Gibbs and their fantastic hustle which often gave them a 20 pt. lead by the end of the first half. The future of Big Blue Basketball is bright, as the junior varsity has shown.

## CROSS COUNTRY

Coach Robert Belmont described this year's Cross-Country team as being the best one in the history of Medfield High. His statement was based on the fact that the team finished second in Tri-Valley League competition, missing the championship by just one point. The team consisted of seven experienced seniors and one junior who together over the past four years have compiled a 35-7 record including a 9-0 season as freshmen.

## WINTER TRACK

The winter track season was highlighted by some outstanding individual performances including those by Co-captain Chuck McKay, who broke Medfield's record in the mile with a time of 4:39, and Dave Lee, who placed fourth in the 1,000 yard run in the league meet. Composed mainly of underclassmen, the team can look forward to an even more successful season.

## BASKETBALL

Laura

The girls varsity basketball team, coached by Mrs. Karen Graham, had a triumphant season this year. Captained by the scrappy little play-maker Linda Savage and the "Queen of the Boards" Virginia "Arooga" Peebles, the team had an overall 10-4 record. Laura Monaghan, who always got her share of the points, and hot-shot Pam Todesco hustled thru the season as forwards. The other guard, Denice Cashen, who was tough competition on defense, rounded out the Medfield 5. The girls qualified for the first Girls State Tourney and played a fine game against Hull, Mass.

## SOCCER 1974

Steve Coffin

Coach Tom Cowell

Ken Himebaugh

Steve Sullivan

The first soccer team ever at Medfield High did the school a great honor by sweeping the Tri-Valley League Championship with a 9-0-1 record. This hard earned glory did not stop at the Tri-Valley League Championship as the team qualified for the State Championship Tournament. In this tournament Medfield held the best record of any other school team in Eastern Massachusetts, Division Two. It was not until the semi-finals of Eastern Massachusetts that Medfield's winning streak was finally broken.

This astounding success in the team's first year is partially due to the great amount of spirit aroused by co-captains, Ken Himebaugh and Steve Coffin. The coaches are also deserving of praise for organizing a team in which the boys had only a few years of experience. The team's unity, enthusiasm, and inspiration lead them on to victory after victory. This year's soccer record will definitely be a tough one to beat, but with such fine coaching, next year's team will have excellent chances.

## STUDENT COUNCIL

The Student Council is a group of kids working together in an attempt to create more enthusiasm in the students for their school. The Student Council accomplishes this by: providing Honor Recognition Day at the end of the year to reward those students who have worked hardest to achieve the awards, and by supporting school activities and promoting student interest in them. Perhaps most importantly, by working with the faculty and administration, the Student Council attempts to make a few more improvements in the learning and social atmosphere of its school.

The Math Team is comprised of top math students who enjoy competing with other students from schools in the Greater Boston Mathematics League. Students prepare independently and participate in four meets a year. The best scorer from Medfield receives a trophy from the League in June.

Representing the fine up-standing youth of America, the brilliant record of the honor society shines forth as a guiding inspiration to multitudes. Led by the valiant but down to earth Mr. Leonardo Smith, the honor society has risen to new and dizzying heights of moral and intellectual superiority. We're just plain wonderful and this year we have finally succeeded in shrugging off our age-old image of conceit and intellectual snobbishness.

The Medfield High School Chess Club meets every Tuesday after school, all year long. They belong to the South Shore Inter-scholastic Chess League and play five other area schools. As well as league games and inter-team play, the members attend tournaments throughout Massachusetts. Two of the members last year held the distinction of winning first and third place in the individual playoffs against twenty-three other schools sending two players each. This year one of the members has already taken first place in the Junior High Division of a tournament. The Junior High Students are also eligible to belong to the club.

## CHESS CLUB

## FUTURE TEACHERS

The Future Teachers' Club is for those students who are seriously considering entering the teaching profession. Activities include monthly meetings and released time for classroom observation and practice teaching on the elementary or junior high level. Many members choose to work in the Teachers Aide Program; thereby earning three credits. Some emphasis this year has been placed on Early Childhood Education.

# A F S

An organization whereby students from foreign countries spend a year in the United States under the auspices of A.F.S. This is to promote peace, humanity, and unity between all nations. Each town has a chapter which keeps the interest of the student at heart, as well as keeping the A.F.S. program active. The student lives with a family in a normal home situation and gets to know them intimately. Various activities are organized for the student as well as for students from neighboring towns. Dinners and A.F.S. weekends are most common. At the dinner the student delivers a speech together with a relative slide show of his or her country. An A.F.S. weekend is a gathering of foreign students hosted by members of the chapter and the A.F.S. club at school. All in all, it is a worthwhile, wholesome, and an unforgettable experience.

## HISTORY CLUB

This newly formed organization is concerned with developing a better rapport between school and community, especially in the preparation of the celebration of the 325th anniversary of Medfield in 1976. The task is done by collecting information for the Historical Society, promoting the republication of Tilden's *History of Medfield* and cataloging the historical homes and sites of Medfield.
